

Project Overview DeFAF e.V.

Programme / Funder	Duration	Topic	Role
Berlin radio station 94.3 rs2	09/2019 – 03/2021	Radio station cooperation involves the planting of several new agroforestry systems and the planting of 100,000 trees.	Lead
Ministry of Agriculture, Environment and Climate Protection of the State of Brandenburg (MLUK)	03/2020 – 12/2023	AUKM – Conceptual support for the implementation of the concept “Agroforestry as an agri-environmental and climate measure”	Partner
Federal Ministry of Education and Research Germany (BMBF), Land-Innovation-Lausitz (LIL)	01/2021 – 06/2024	AgroBaLa – Agroforestry circular economy as a basis for structurally rich and climate-resilient agriculture with high value creation potential	Partner
European Agricultural Fund for Rural Development (EAFRD)	08/2021 – 12/2024	NetzwerkWasserAgri – Network water retention and evaporative cooling in land management through keyline design and agroforestry	Partner
Federal Ministry of Education and Research Germany (BMBF)	09/2021 – 08/2024	SIGNAL – Sustainable intensification of agriculture through agroforestry	Partner
European Agricultural Fund for Rural Development (EAFRD) in Brandenburg and Berlin for the Funding Period 2014 to 2020 – Action M16	12/2021 – 02/2023	Beratungsstandards – <i>Advisory standards</i> – Development of advisory criteria for climate-adapted land use using agroforestry as an example	Partner
Horizon Europe-Project	07/2022 – 06/2026	DigitAF – DIGItal Tools to help AgroForestry meet climate, biodiversity and farming sustainability goals: linking field and cloud	Partner
Horizon Europe-Project	07/2022 – 06/2026	ReForest – Agroforestry at the forefront of farming sustainability in multifunctional landscapes in Europe	Partner
German Federal Agency for Nature Conservation (BfN) & Federal Ministry of the Environment (BMU)	09/2022 – 08/2027	SEBAS – Stabilisation and increase of biodiversity and ecosystem services on agricultural land through the creation of diverse agroforestry use structures	Partner
Lower Saxony Ministry of Food, Agriculture and Consumer Protection	10/2022 – 10/2025	ELAN – Obstacles to the establishment and performance of different agroforestry systems in Lower Saxony	Partner
Federal Ministry of Education and Research Germany (BMBF), WIR “Change through innovation in the region”, Land-Innovation-Lausitz (LIL)	02/2023 – 12/2025	AgroWert-Regio – Agroforestry-based value creation for regional and sustainable agriculture	Lead
European Agricultural Fund for Rural Development (EAFRD) & Ministry of Agriculture, Environment and Climate Protection of the State of Brandenburg (MLUK)	03/2023 – 12/2024	Neue Perspektiven für den Streuobstanbau – <i>New perspectives for fruit orchards</i> – Cooperative development of a solution- and practice-oriented action plan to secure and establish fruit orchards in Brandenburg under the conditions of climate change	Partner

Project Together	01/2024 – 12/2025	Agroforst.Jetzt – The opportunity of agroforestry for Germany in 2025	Partner
Lotto Sachsen-Anhalt, Daniel Schlegel Umweltstiftung, Frundeskreis Ökodorf e.V., GLS Treuhand	01/2024 – 12/2025	Impulsbüro Altmark – Dissemination and implementation of agroforestry systems in and around the Altmark region	Lead
Fachagentur Nachwachsende Rohstoffe (FNR)	06/2024 – 96/2027	MODEMA – Establishment of a nationwide model and demonstration network for agroforestry in Germany	Lead
Ministry of Agriculture Schleswig-Holstein – Competence Center for Climate-Efficient Agriculture	09/2024 – 09/2025	MuD Agroforst Schleswig-Holstein – Agroforestry model and demonstration project to promote climate-resilient agriculture in Schleswig-Holstein	Partner
Lower Saxony Chamber of Agriculture (LWK NDS)	12/2024 – 12/2025	AgroWiNs – Agroforestry in Practice: Promoting knowledge transfer for practical implementation and visibility of barriers and potential solutions for agroforestry systems in Lower Saxony	Lead
Scientific Advisory Board for Natural Climate Protection (WBNK)	01/2025 – 02/2025	Gutachten im Auftrag des WBNK – <i>Report commissioned by the WBNK</i> – Status quo of the implementation of agroforestry in Germany, obstacles to implementation and recommendations for action	Lead
Niedersächsische Ministerium für Ernährung, Landwirtschaft und Verbraucherschutz	03/2025 – 03/2026	Bildung Boden Bäume – <i>Education Soil Trees</i> – Value contributions to climate, nature and society through agroforestry in Lower Saxony	Partner
Project Together	01/2025 – 12/2026	Klimalandschaft Wolfenbüttel – <i>Climate landscape Wolfenbüttel</i> – Resilient landscape with agroforestry	Partner
AGROECOLOGY Partnership, European Union	05/2025 – 12/2027	EELAP – Enriching European landscapes with agroecological practices	Partner
